WELCOME

Welcome to Southern Oregon University's dining program, managed by Aladdin Campus Dining. We're proud to offer a program that fulfills the needs of today's college students. Each term we'll have exciting events, fresh menus, and great updates to your dining experience. These changes will be the direct result of feedback and input from the people we care about most—our guests. We're here to serve you!

STUDENT EMPLOYMENT

We offer a wide variety of engaging positions, competitive wages, and work accommodations, all while staying flexible for student schedules. For more information on student employment stop by the Food Service Office in The Hawk or visit our website using the QR code here!

SPECIAL DIETARY NEEDS

We strive to provide safe and delicious food to all our guests at every meal. We always label major allergens and common dietary restrictions. The Hawk also features Garden Kitchen, our dedicated vegan and allergen-friendly station, which provides lunch and dinner meals every day. We will work with students and healthcare providers to help manage special diets by reviewing menus together to determine what substitutions can be made to allow for a healthy and enjoyable diet. We also offer free consultations with a Registered Dietitian Nutritionist (RDN) through our website or email at askadietitian@aladdinfood.com.

SOU Dining is committed to bringing nutritious food to the table and making the healthy choice an easy choice for all our guests. We created **BeWell** as a guide to make it easier for our guests to choose well in their dining. The program uses two approaches for better dining. First, our Eating Approach combines the latest in nutrition science and culinary trends to create crave-worthy, nutritious menu choices. Second, our Wellness Approach encourages positive behavior change through our promotions, wellness education programs, and partnerships. In addition, dining guests can use an interactive menu guide for highlighting healthier options and viewing nutritional information for our daily menus. Guests can find this menu on our website at sou.campus-dining.com.

GREEN TO-GO BOXES

Need to eat your meal outside The Hawk? Save time, money, and waste by purchasing a reusable to-go box for only \$7! Available for use only in the Hawk, this program lets you take your meal to-go, rather than dine in. To-go boxes are limited to one per person, and regular meal charge rates still apply. When you return with your used box, you can freely trade it in for a new box for immediate use, or you can ask for a marked carabiner from the cashier to trade for a box later. Please note that if you are taking your meal to-go you will not be able to eat in The Hawk, unless if you pay for a second meal. Paper to-go boxes are also available for \$1 and one set of plastic utensils come free. Purchases can be made with credit card, debit card, cash, or Raider Cash.

CATERING FOR EVERY OCCASION

We believe every meeting or gathering can be more memorable and more effective when paired with something great to eat. Our dedicated event experts can help you select the perfect breakfast menu for a quarterly meeting or celebrate a milestone with seasonal fare.

One of our commitments is to provide world-class catering at every level. We are creative, innovative and responsive to every catering client and guest we serve. We have an extensive menu of options for any event, but we are happy to customize and create a menu that's uniquely perfect for you and your event.

We also offer a discounted student menu available to SOU students only. Minimum orders are for 12 people and are pick-up only at Elmo's in the Stevenson Union. Please state when placing your order if any accommodations for diet or budget are needed.

SUSTAINABILITY IN ACTION

We believe in feeding people healthy and delicious food, but we also take seriously our responsibility to make a positive change in our community and environment. With a focus on food, planet, people, and wellness, we're committed to changes that create a better dining experience. So far, this commitment has led to the following improvements:

- » Composting all preconsumer fruit and vegetable scraps from our kitchens.
- » Offering all students living on campus a free reusable to-go container at the beginning of the school year.
- » Making weekly donations to the Student Food Pantry in the Stevenson Union.
- » Using as much food as possible from the SOU Farm in our daily menus.
- » Recycling our used cooking oil for conversion into sustainable diesel fuel.
- » Conducting biannual audits of our purchasing history to find opportunities for more local, organic, and ethical food.
- » Donating meals to food insecure students through the Raiders Helping Raiders program.
- » Holding a biweekly Food Committee with open forum discussions between management and students.

We're proud of the accomplishments we've made so far, but we won't stop here. Contact us at our website to learn more and follow us **@raidersdining** for the latest news and updates.
